EASI-HEAT PLUS

HIGH EFFICIENCY COMBI BOILER

The Vokèra Easi-Heat Plus is an extremely compact and versatile combination boiler that offers flexible installation. Its small dimensions allow for kitchen cupboard fit and the boiler can be easily converted to LPG via an optional kit. For peace of mind, Easi-Heat Plus comes with a 5 year warranty⁽¹⁾ as standard and is Class A efficiency for both space and water heating under ErP.

- Flue gas analysis test point
- Cyclonic separator
- Premix burner
- Expansion vessel location allows for easy servicing maintenance
- Aluminium heat exchanger
- High efficiency pump
- DHW plate heat exchanger
- Electric insulation IPX5D
- Frost protection via PCB

EASI-HEAT PLUS

HIGH EFFICIENCY COMBI BOILER

Fully compliant with the Energy-related Products directive.

5 year parts and labour warranty.⁽¹⁾

Compact dimensions and low lift weight enable a flexible installation with the boiler able to be sited almost anywhere in the home, including a kitchen cupboard.

Designed for easy installation. Standard Vokèra pipework layout enables trouble-free replacement of older Vokèra models.

Hot water survivor function: If the hot water thermistor fails it will use the primary thermistor to provide hot water at 55°C to ensure the end-user has access to a supply of warm water.

Simple commissioning, only minimal adjustments are required after installation and automatic modulation eliminates the need to range rate the boiler.

Built-in mechanical time clock.

Anti-cycling control prevents energy wasteful on/off cycling and reduces wear and tear.

Low NOx - Class 5 performance.

Built-in frost protection, protects the appliance from damage during periods of cold weather.

Plated heat exchanger reduces the risk of scaling and comes with 5 year anti-scale warranty.

Installation time saving features: Built-in condense trap with safety device and push-fit connection.

Combustion analysis test point for easy servicing and maintenance.

Can be converted to LPG.

Individual heating and hot water controls ensure a simple temperature adjustment operation for the end user.

^{*}Including clock tray

⁽¹⁾Subject to registration and annual service.
