THE CROWN  
FOR YOUR  
**KITCHEN**

REGINOX STANDS FOR HIGH QUALITY AND INNOVATIVE  
SINKS AND WORKTOPS

Ever since 1976, Reginox has led the way in quality and innovation in sinks and worktops for the kitchen, project and housebuilder sectors. We design, develop and produce these products in-house, in numerous styles and configurations. We also supply matching taps and accessories.

# LET US INSPIRE YOU

WITH OUR CONSTANTLY EVOLVING RANGE, WE ARE A MAJOR PLAYER IN THE NATIONAL AND INTERNATIONAL KITCHEN AND PROJECT MARKETS. ONE REASON FOR THIS IS THAT WE ALWAYS PAY CLOSE ATTENTION TO THE NEEDS AND TRENDS OF CONSUMERS AND KITCHEN PROFESSIONALS.

WE TAKE SERIOUSLY THE NEED TO CHOOSE HIGH-QUALITY MATERIALS AND PRODUCTION TECHNIQUES, GOING THE EXTRA MILE TO FULFILL OUR CUSTOMERS WISHES. SUSTAINABILITY IS ALSO ONE OF OUR TOP PRIORITIES, THROUGH ENERGY EFFICIENCY AND CHOOSING RECYCLABLE MATERIALS AND PACKAGING WHEREVER POSSIBLE.

Reginox sinks are straightforward and simple to install ensuring a sleek, modern finish no matter which installation method you choose.

### Integrated sinks

Our integrated sinks can be installed in 3 ways: integrated (flush with the worktop), semi-integrated or undermount. All of our integrated sinks look stunning no matter the choice of installation, in any worktop with the exception of laminate.

### Inset sinks

Our inset sinks can be installed quickly and easily, as effective additions to any kitchen. To install these the fitter will turn the sink upside down, draw around the complete sink edge and cut 10 mm in from this template. All our sinks are provided with necessary clips and must be sealed with silicone sealant for a watertight finish.

# DUTCH DESIGN

Reliable, Responsible & Progressive

Reginox is located in Rijssen in the Eastern part of the Netherlands.

It is where we develop and produce all our stainless-steel sinks.

Reginox understands the importance of design and knows how to make the most beautiful products from stainless steel. We are always looking at new ways to improve our designs.

## Cabinet size

Due to specific cabinet sizes some sinks may not be suitable for your kitchen.

At Reginox we supply a wide range of sinks, each design in various sizes to fit every cabinet size, these vary from 40 cm to 100 cm. The cabinet size is the available space underneath the worktop required for the bowl and other fixings only.

## Technical Information

At Reginox we supply technical drawings for all our sinks and clear fitting instructions.

## Maintenance tips

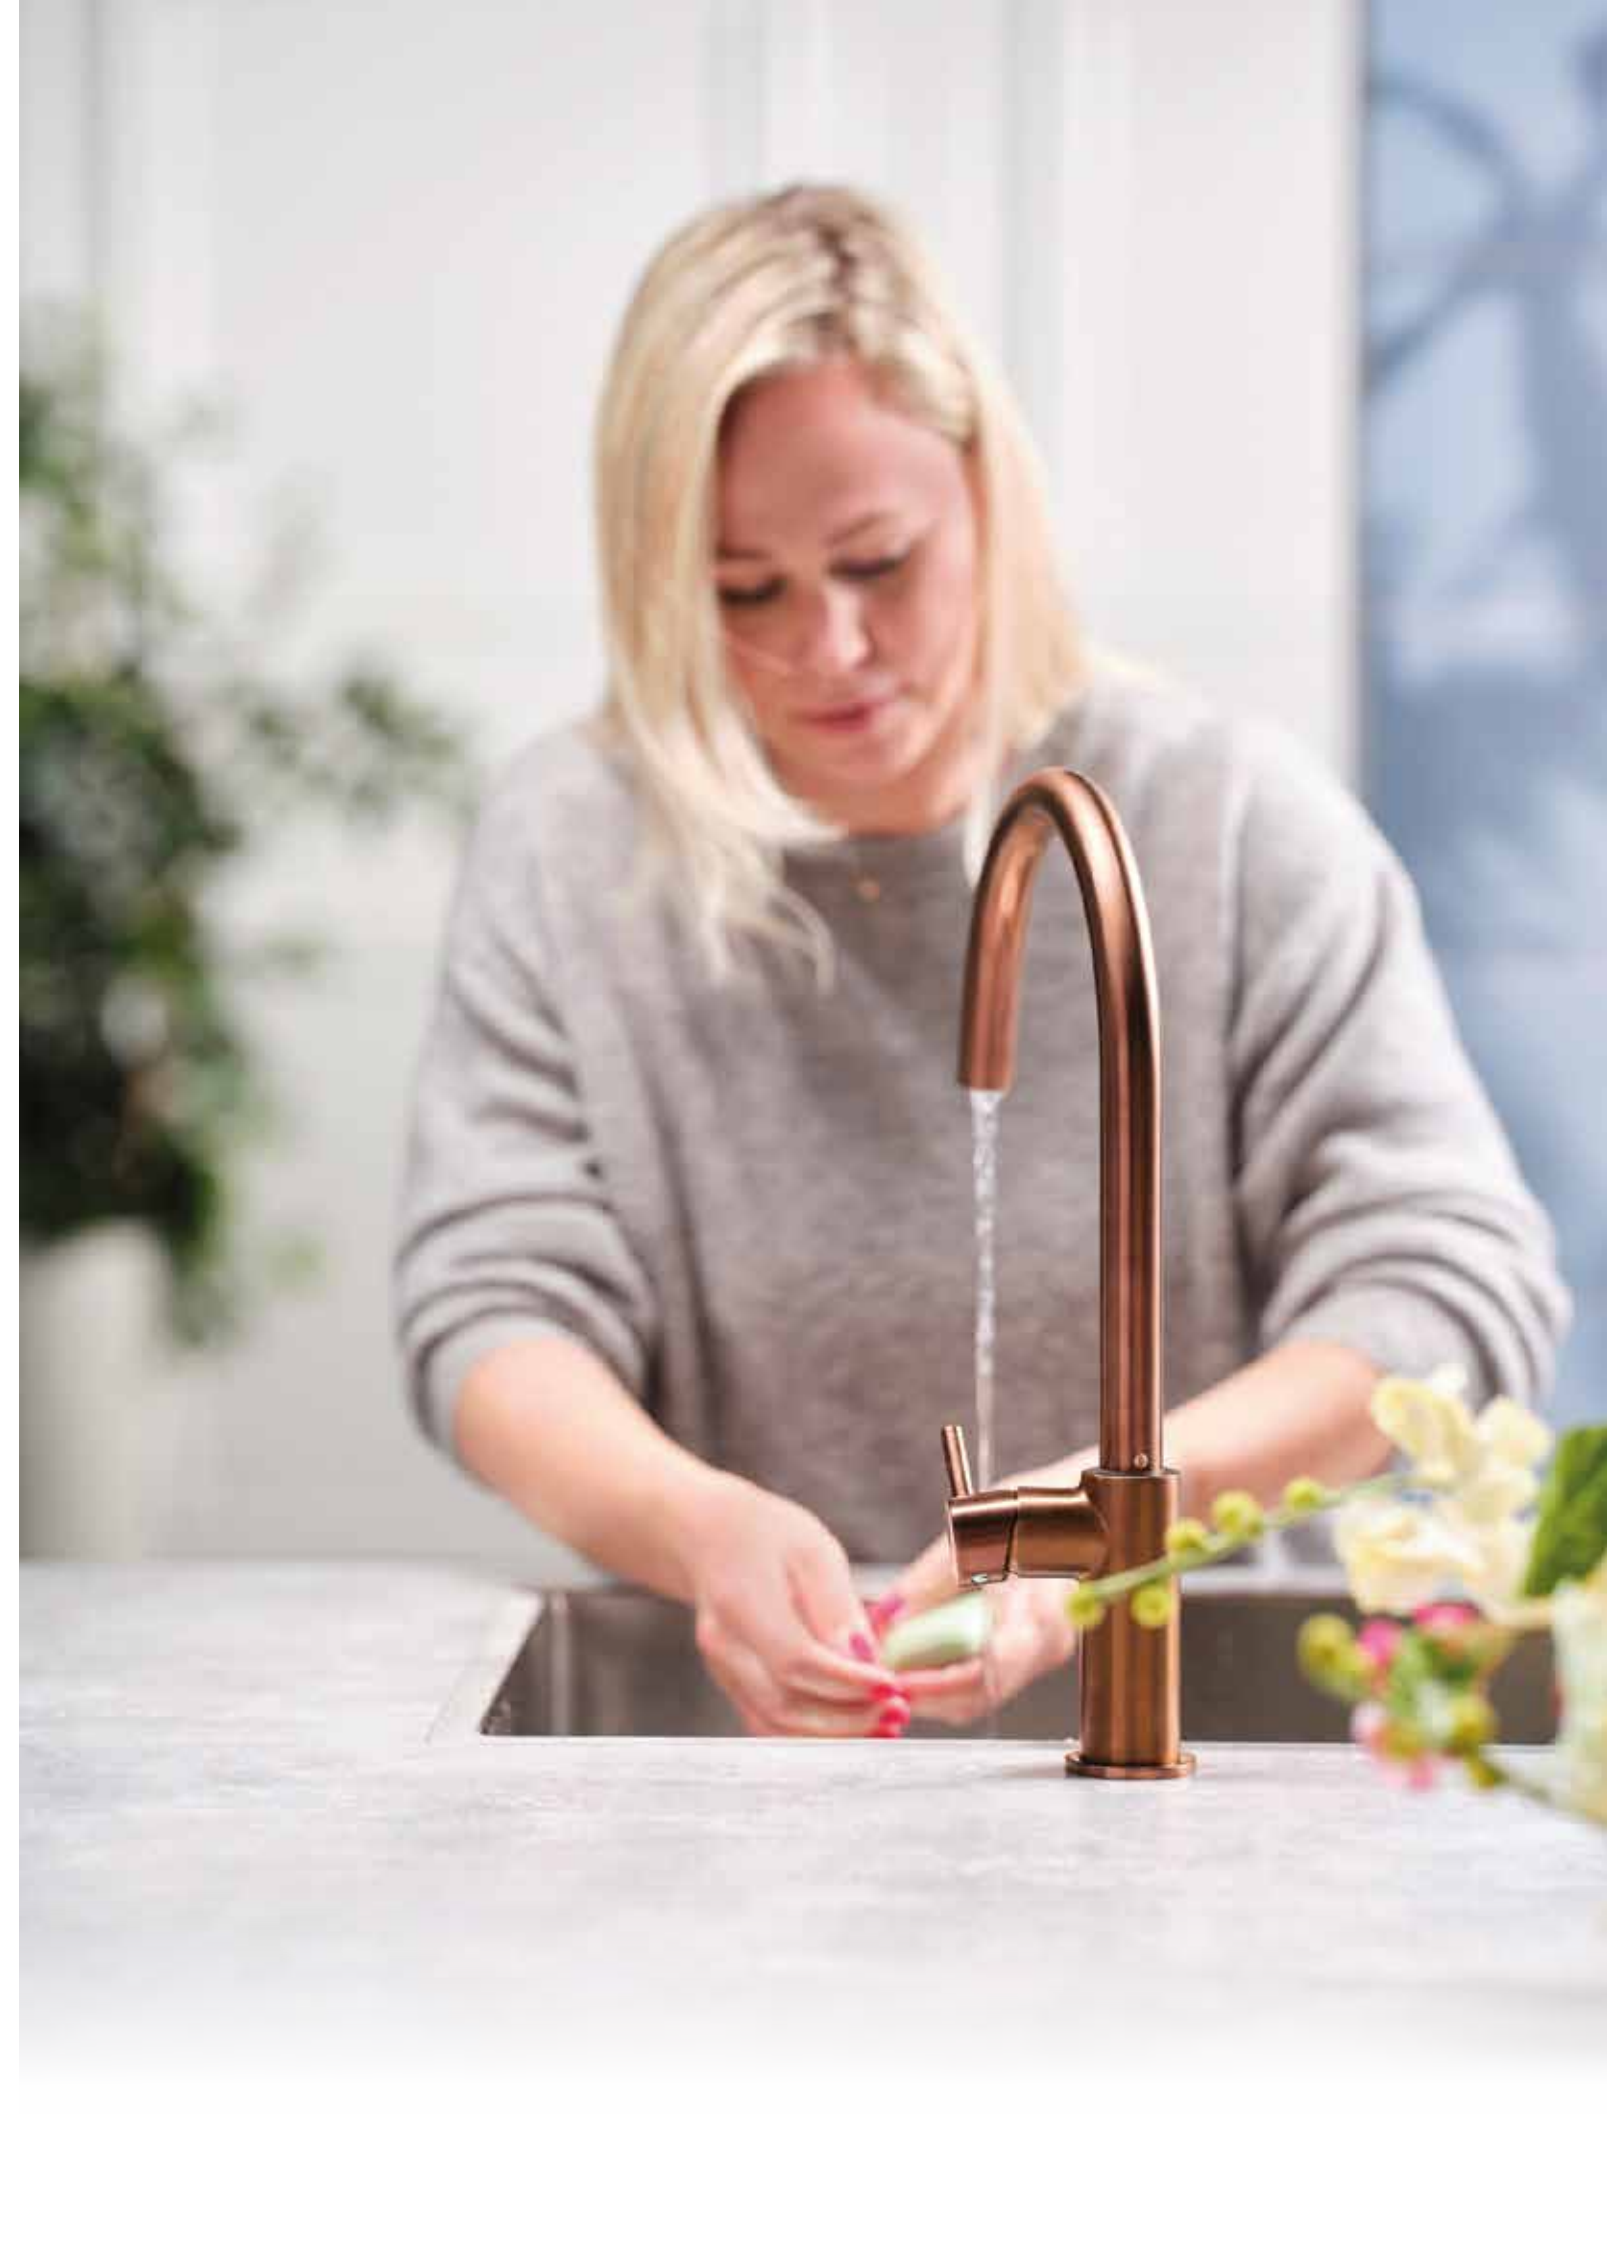

- Clean the sinks with hot soapy water for everyday maintenance.
- Regular use of Inox Care to maintain your stainless-steel sink or worktop. Rub this in using a microfiber cloth and buff out using a new, clean cloth once a week.
- No abrasive cleaners or sponges should be used on the sinks to avoid any visible stains, scratches or marks.

## Stock availability

Some lines contained in this brochure have limited availability (marked with \*), please call us for more accurate information.

## Liability

Reginox is not liable for damage during installation or due to incorrect maintenance. A copy of our T&Cs are available upon request.

## Where style is expected and demanded

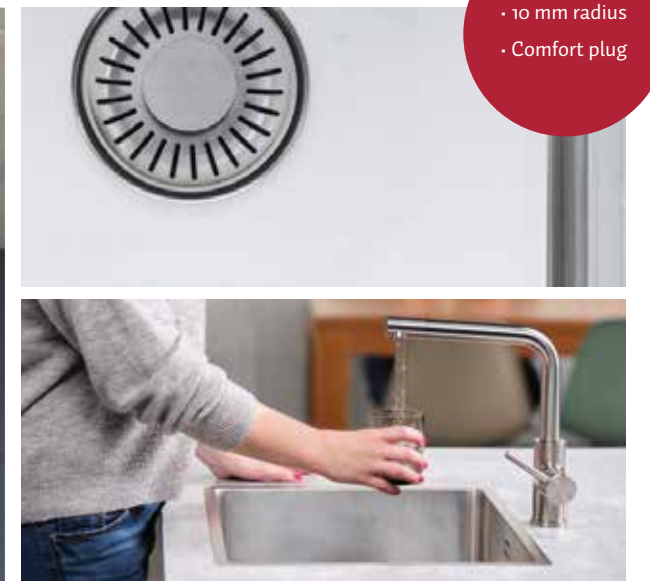

You will see these characteristics in the New York range by Reginox. These sinks have a sleek and modern design, they are deep-drawn without welded or folded seams.

NEW YORK SINKS HAVE A 10 MM INTERNAL AND EXTERNAL RADIUS

## STYLISH AS NEW YORK

SOME PEOPLE SEE NEW YORK AS ONE OF THE MOST VIBRANT AND MOST EXCITING CITIES IN THE WORLD. IT LEADS THE WAY WITH ITS STYLE, DESIGN AND TRENDS.

- 10 mm radius

WHEN ROUND IS BETTER

Our New York family has a new member! Naturally, this New York is also deep drawn out of one piece of stainless-steel and provided with our trusted comfort plug. The New York Round has a horizontal spiral overflow and has a diameter of 42 cm. With this addition to our New York series we provide an even wider choice. You can install this sink as inset, semi-integrated (flush with the worktop) or undermount and therefore always a match!

HORIZONTAL DEPTH 37 CM

# NEW YORK'S NEAREST NEIGHBOUR

JUST AS NEW JERSEY IS THE GEOGRAPHICAL EXTENSION OF NEW YORK CITY, THE NEW JERSEY LINE IS AN EXTENSION OF OUR BESTSELLER: THE NEW YORK SINK.

The New Jersey is also a very modern design with an internal and external radius of 10 mm and a deep-drawn plug. The difference lies in the slightly narrower horizontal depth (37 cm instead of 40 cm), this means the New Jersey makes it even easier to fit taps in worktops of 60 cm deep.

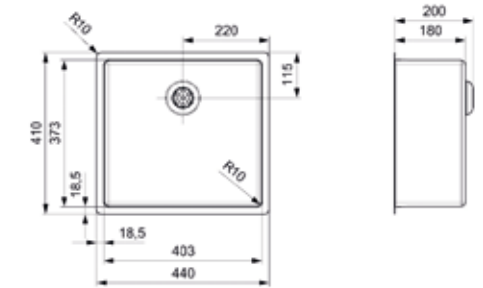

## NEW JERSEY

40 X 37

Cabinet 450 mm

EASY TO CLEAN

## Practical design

Our Ohio range is available in many sizes. With both tapwing and non-tapwing models available, this modern range can be undermount, integrated and semi-integrated easily. Including a beautifully designed overflow this range fits easily into any kitchen for both style and practicality.

# COLORADO COMFORT

WHERE PRACTICALITY MEETS DIVERSITY

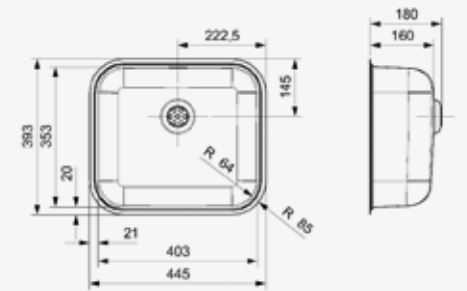

EASY TO CLEAN AND MAINTAIN

This sink envisions a simplistic, refined design, with a sleek horizontal overflow and a polished finish. Because of the deep-drawn manufacturing process the Colorado has no seams or edges. The integrated comfort waste also means there is less chance of leaks and is an easy to clean product.

### COLORADO COMFORT L

The Miami line contains sinks, taps and accessories with a stylish design, available in the three unique colours; we have created these colours with the help of PVD-technology, in which stainless steel is coated using physical vapour deposition.

The Miami sinks are 200 mm deep and have a radius of 10 mm. They are available in the sizes 40x40 cm and 50x40 cm and are suitable for undermount, integrated and semi-integrated installation. The Miami taps are available in two models: Taravo and Salina. In short, a complete line for people looking for colour in the kitchen. That's the beauty of Miami.

COPPER

GOLD

GUN METAL

# MIAMI

WHERE BEING DIFFERENT MATTERS

OUR RANGE OF PVD COLOURED SINKS IS AS VARIED AND BEAUTIFUL AS THE WELL-KNOWN CITY OF MIAMI. AVAILABLE IN 3 COLOURS, COPPER, GOLD AND GUN METAL AND 3 FITTING STYLES (UNDERMOUNT, INTEGRATED AND SEMI-INTEGRATED), THIS RANGE IS AS DISTINCT AS THE CITY IT IS NAMED AFTER.

- 10 mm radius
- PVD-technology
- Depth of 200 mm

Colour deviation per item is possible

# ELLECI GRANITE

## Attractive to the eye and inviting to touch

With an aesthetic appearance as an alternative to steel, granite provides great functionality and practicality.

## Reginox in partnership with Elleci

In 2015 Reginox created a partnership with Elleci, one of Europe's leading manufacturers of granite composite sinks. This partnership means that we can offer to you, one of the most comprehensive ranges of composite sinks available in the UK. Mixing colours, granite materials, sink configurations and designs allows us to present a fantastic offer, covering all price points from entry level to true high end. We are proud of this partnership and are confident that you will be too.

## The company Elleci

For over twenty years Elleci has been committed to achieving consistent technological advances working with granite materials. With a strong link between the past and the future Elleci prides themselves on constant innovation and uncompromising quality. With a dedication to always presenting the highest quality possible you can be assured that the Elleci product you purchase from Reginox will always fulfil and satisfy everything that you want from a granite material sink. The range of colours, designs and materials is vast. This means that Elleci can offer a solution for whatever sink you require.

## Materials

Elleci has a continual program of innovation in respect to the materials used in the manufacturing of granite sinks and has a focus on eco sustainability principles.

In the endless pursuit of excellence and with unending research Elleci had created a world class selection of materials to offer to you the customer. Please see the next page for more details on the amazing range of materials available to you when you purchase an Elleci sink from Reginox.

## Keratek +

Introducing an innovative and exclusive material, made up from ceramic nanoparticles and a mix of 6 innovative acrylic resins. With many advantages to Keratek+ including hydro repellent, stain resistance, UV protection, thermic shock resistance, impact resistance, and a smoother, harder resistance to abrasion guarantees total protection against bacteria. Warranty: 20 years.

100% WATER REPELLENT AND STAIN RESISTANT

UV PROTECTION

GREATER RESISTANCE TO THERMAL SHOCKS (+50%)

SMOOTHER, HARDER RESISTANCE TO ABRASION

GREATER RESISTANCE TO IMPACTS

ANTIBACTERIAL PROTECTION

## Metaltek

The chemical composition is made up of natural granite and acrylic resin, like all the sinks manufactured with the technological leadership G.P.S. system, metaltek has an even mass resulting in high resistance to stains, impact and temperature changes. The uniqueness of this product is that the metal particles have been added, giving the product a brilliant and shining finish, the target is to obtain special 'metallic effects'. The different finishes allow a perfect match between the sink and other stainless steel components in the kitchen.

Warranty: 10 years.

IMPACTS RESISTANCE

THERMIC SHOCKS RESISTANCE

UV PROTECTION

ANTIBACTERIAL PROTECTION

## Granitek

Granitek is made up of natural granite and acrylic resin, ensuring the best quality and resistance from high temperatures to impacts. Granitek has an appearance like natural stone, ceramization effect is a specific process of the granite particle, is not only on the surface but in the entire mass of the particle, through a firing process at 700°C. Warranty: 10 years.

IMPACTS RESISTANCE

THERMIC SHOCKS RESISTANCE

UV PROTECTION

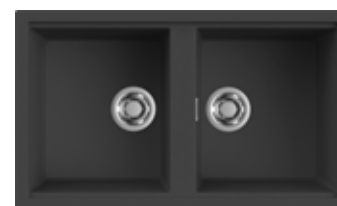

ANTIBACTERIAL PROTECTION

## Antibacterial protection

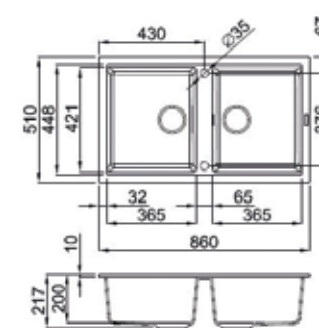

Elleci sinks have total antibacterial protection, which has an adequate coverage of the mass, meaning the bacteria is repelled.

These sinks are made from ceramic in fireclay ovens, meaning they are superior in strength and have a high glossy finish. Due to this manufacturing process these sinks do have a tolerance either way. Our ceramic range has a wide range of variety from inset sinks with a drainer available in both black and white to undermount sinks without drainer.

Ceramic handles

With such emphasis on excessive landfill issues and often reduced refuse collection schedules, a waste disposal unit can instantly help remove food waste and smells from leftovers as well as being kind on the environment by reducing the amount of methane gas and unwanted greenhouse emissions. With four models to choose from and varying levels of specification, price points and all carrying the trusted Reginox brand this range is a welcome addition to our product portfolio.

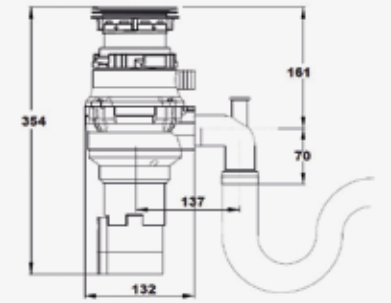

# WASTE DISPOSAL UNITS

INTRODUCED RECENTLY, THE NEW RANGE OF WASTE DISPOSAL UNITS FROM REGINOX ARE MANUFACTURED BY ONE OF THE WORLDS MOST RECOGNISED BRANDS. FEATURING HIGH QUALITY MOTORS AND PREMIUM COMPONENT PARTS WHICH SET THEM APART FROM OTHER LEADING BRANDS, THEY ARE DESIGNED TO BE QUIET, EFFICIENT AND HIGHLY RELIABLE.

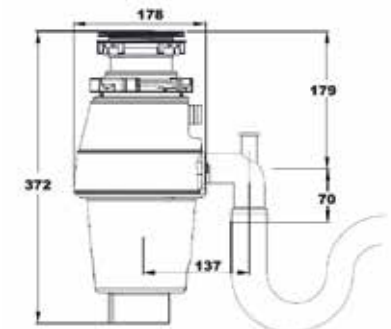

### RD 50

- Permanent magnetic motor
- Bio shield odour protection
- Torque master grinding system
- Removeable splash guard
- Deluxe plus sound shell
- 0.75 horse power
- 3 year warranty

# Space saving

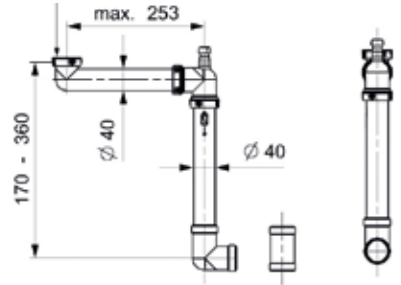

This unique space saving design incorporates a 'none return valve' which removes the need for a bulky trap. It takes the pipework to the back of the cabinet meaning you can save space which is otherwise wasted by a traditional syphon.

Our Panama is suitable for any type of sink, with its modern, simple design can make a huge difference to any kitchen.

## PANAMA WASTE

Red Dot award winner 2016  
With dishwasher connection

# PANAMA

## THE SMARTEST WASTE SYSTEM

THE SPACE SAVING WASTE IS A CUTTING-EDGE DESIGN THAT HELPS TO UTILISE THE SPACE UNDER YOUR KITCHEN SINK.

A complete waste system

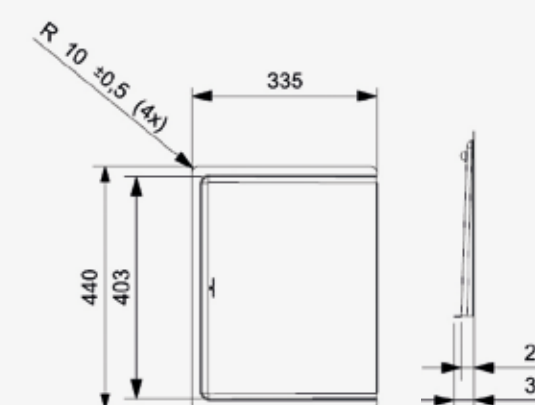

It can also be used as a draining board because of its flush fit edging in terms of design and size, Aspen matches beautifully with the New York range. Multifunctional in use, it is a great accessory for your kitchen.

**ASPEN**

335 x 440 mm

# PRACTICAL AND STYLISH **ASPEN**

WANT TO CREATE MORE WORKSPACE IN THE KITCHEN? THE ASPEN OFFERS THIS AND MANY OTHER POSSIBILITIES. THE FREE STANDING DRAINER IS VERSATILE AND CAN BE MOUNTED ON TOP OF THE SINK AS A PARTIAL COVER PLATE, EXTENDING THE WORKTOP.

PRACTICAL AND ELEGANT

# NEW YORK / ONTARIO BOTTOM

NEW IN OUR REGINOX RANGE IS THE STAINLESS STEEL BOTTOM IN SIZES 40x40 AND 50x40 WITH A RADIUS OF 0 AND 10 MM.

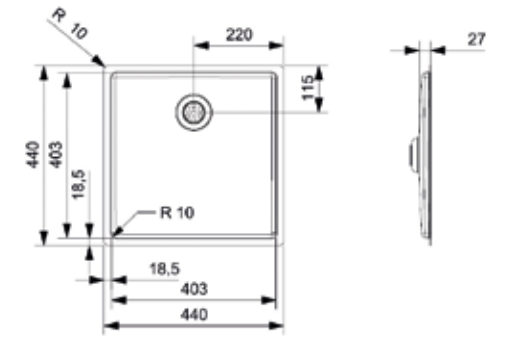

Do you want to have a solid granite or corian countertop and a hot water tap at the same time? Reginox has the solution! These stainless steel bottoms are 2 cm deep and have an edge where they can be attached to the countertop. The 10 mm radius bottoms are produced with an integral drain and the the 0 mm radius bottoms have a standard 3.5 inch drain.
